THE REMINDER
November Issue

Vol. IV - No. 10

November 5, 1970

PRESIDENT'S MESSAGE

You all will have received a letter this week from your President regarding the proposed recommendations for limiting the size of your club and other matters that your officers and Policy Committee have been working on for some time.

Please read it carefully and be sure and mark it either "Yes" or "No", where indicated, and return it as promptly as possible. We felt it was much better to mail you each a ballot rather than vote on it at a Friday meeting, even though that would be legal if we had a quorum. This way, every one has a chance to cast his vote if he so desires.

John Daneke and his nominating committee have their slate completed and will present it for your consideration on December 4th, and it will be voted on December 11th, according to our by-laws.

G. S. Whittaker

"TAKE NOTE"

Be sure and mark Dec. 2nd on your calenders and get ready to come and enjoy a real fun evening with your fellow club members and their wives. The G.M. Choir will provide you a very fine concert and The Community House has planned an excellent dinner, so plan to attend our final and biggest 1970 event.

Our "Handy Man Dan" wants me to thank you fellows for getting the lunch tables up to him so fast. We had our biggest crowd ever last Friday, but we cleared the floor in seven minutes.

Keep it up as it helps Dan and there is much less confusion.

Thank you!

GOLF

We are closing out a most successful season of Golf with an average turn-out of better than fifty golfers per week. Weather permitting, we can still play at "Lincoln Hills" at nine on Thursdays until they close.

Let us look forward to another summer of golf in 1971.

Since the weather is bad today and may be the start of some more cold and dreary days, I've shoveled the dust off the pool table and those who want to play, should get in touch with me either at the meetings or by phone - 626-7767.

The best days for me would be Wednesday and Thursday.

Count your garden by the flowers, never by the leaves that fall.
Count your days by golden hours, don't remember clouds at all.
Count your nights by stars, not shadows.
Count your life with smiles, not tears.
And with joy this birthday season,
Count your age by friends, not years.

I like spring, but it is too young.
I like summer, but it is too proud.
So I like best of all autumn
Because its leaves are a little yellow,
Its tone mellow, its colors richer,
And it is tinged a little with sorrow.
Its golden richness speaks
Not of the innocence of spring,
Nor of the power of summer,
But of the mellowness and
Kindly wisdom
Of approaching age.
It knows the limitations
Of life and its contents.

A daughter of one of our friends became interested in a young intern
who used a hearse for transportation in connection with his work.
The daughter, sometimes, went along for the ride.

Her father noticed this unusual practice and told her that she could
not go out "in that blue hearse" again. A few days later, he observed
his daughter emerging from a black hearse. He demanded to know why
his orders were disobeyed. She said, "This is a hearse of a different
color".

"I don't plan to get married until I find a girl just like the girl
who married my grandfather," said the bachelor.

"They don't make women like that any more," complained his single friend.

"Oh, I don't know," said the first. "Grandpa married this one just
last week!"
