WEATHER REPORT BY PRESIDENT S. WALTER MEYERS

Since the inauguration of our 1977 officers we have had the worst January climate in history, and the most relentless winds and snow-storms. Your officers offer no apology for these vagaries of nature.

Instead, we congratulate our membership on the attendance of Friday, January 28, when 110 members braved the blizzard. Our thanks also go to the hostesses who made it through the storm to make sure lunch was served on the dot.

Our regular programs will continue, as outlined in this REMINDER nature willing.

ADDITIONAL COMMENT ON THE WEATHER FROM OUR FAR-FLUNG CORRESPONDENTS

Reported by Rudyard Kipling in a letter to a friend: "Never again will I spend another winter in this accursed refrigerator called England."

American newspaper humorist Kin Hubbard wrote: "Don't knock the weather. Nine-tenths of the people couldn't start a conversation if it didn't change once in a while."
