History

Expanding since 1957 the Senior Men's Club of Birmingham now has over 500 members of mature adult men from all careers – law, medicine, academia, business and journalism as a few examples. The Club was originally founded in Birmingham and maintains its base of operations there, although in 2005 membership was expanded to all who were otherwise qualified, regardless of residence.

The Club has seen many changes in eight decades in existence. We pride ourselves in the many activities available to members, and often their spouses or “significant others”. We've had major celebrations of 50th, 60th and in May 2022 65th Anniversaries.

With the help of a Detroit based consulting group, in 2022 the Club implemented a strategic plan for its future.

We invite you to be a part of an exciting and dynamic group, well positioned to continue to make an impact on the lives of our members and in the greater community.
