BOB HAYES LIFE MEMBER RECOGNITION

I am very pleased to recognize Bob Hayes as our latest life member. Bob was born on October 2, 1934, in Staten Island, New York. He lived on Staten Island until volunteering for the US Air Force at age 18. While in the Air Force, Bob was part of an air crew that was involved in Operation Redwing. Operation Redwing exploded a massive H bomb in the Pacific.

The worldwide reaction to the test resulted in the end of atmospheric testing of thermonuclear weapons.

Bob spent most of his more than 35 year career at General Motors in its Overseas Operations Division as an overseas representative and trainer. This included assignments in Southeast Asia, Japan, Argentina, the Caribbean, and the Middle East. He also served as a Supervisor of Vehicle Warranty and in program development at the GM Tech Center in Warren.

Bob has been a Free and Accepted Mason for 64 years. He served in multiple leadership roles in the Boy Scouts for over 25 years.

Bob has been there whenever and wherever help is needed at the Club. He has subbed as Club Recording Secretary in five different administrations, served for eight years on the Visitation and Health Committee, belonged to the Membership Committee, and served as an officer-at-large. He has participated as an attendance taker and as a greeter. He handled guest registrations, offered invocations and moments of interest. The list goes on in about all the ways Bob has stepped forward to assist over the years.

Bob is married to Joan. Together, they have six children, 12 grandchildren, and 9 great-grandchildren.

The Birmingham Fire Dept. offers a CPR/AED refresher class in CPR and use of an AED as well as some other basic First Aid emergencies. This class is held monthly on the second Wednesday and is free to participants. Classes are held at the Central Fire Station 572 S. Adams Rd. at 7:00PM and run one

VISITATION AND HEALTH COMMITTEE (VAHC) CORNER

May Health Update:

Dr. Lou Schwartz was our Chair for the month of May. It was his first tour of duty and he did a grrrrreat job. He was timely, conscientious, and possessed great communicative skills. Thank you Dr. Lou. I hope your bruises are healing well and fast.

June Monthly Chair: John Skubik, SKUBICJ@yahoo.com, 614-286-4423

Annual Meeting of VAHC:

Baldwin Library on Sept 5

Approximate Time 10:45 to 11 AM (to be confirmed)

Deceased Memorial Fund (DMF) Uptake:

Expect the unexpected! Well no such thing. Most observers in the SMCB leadership believe it to have surpassed any expectations in its first year. There may have been possibly some delay in getting off the ground.

Unanticipated questions are bound to arise in the infancy of any program. For example, our First VP Larry (Imerman) writes that, "our memorial donations should target specific program(s) rather than the general fund of an institution (funds used to pay the clergy, run the service etc.)" Larry is concerned about the donations to a church, temple, synagogue, ashram, etc or to a nonprofit.

If you have any response to the above mentioned question, or you have a question of your own, comment or suggestion as to how we can improve the functioning or communication of the health reports, please send it to me or our Monthly Chairs for the agenda.

Funds Collected thus far in the Blue Box (brought to the Friday meetings).

JAN: \$ 217

FEB: \$ 242.35

MARCH: \$ 417

APRIL: \$ 21

May: \$ 202

Additional funds have been received in the mail for individual deceased members and deposited with the treasury by the President and others.

List of the Deceased Members in May* and their Charities:

Our heartfelt condolences go to the families of the following,

- 1) Ara Basherian** (Gary Melikian's brother in law): Charity is Detroit GoodFellows where Ara worked for many years
- 2) Jarold (Jerry) Peck (Close friend of George Miller for over 50 Years): Univ of Nebraska Lincoln College of Business

SMCB MEMBERS VOLUNTEER

SCMB Members Participate in Habitat for Humanity

SMCB members participate in Habitat for Humanity Rock the Block event.

On Monday, May 15th Dave Strubler, Ralph Bergemann, Ray Buratto, John Maten and Paul Kovceses volunteered as part of the Habitat Oakland County Rock the Block kickoff event to help in the neighborhood revitalization program in Pontiac.

The volunteers were assigned to remove an old existing deck and build a new one for a homeowner on Ferry Street. The men worked with 2 "full time" volunteer/experts to accomplish the task. It was determined that the step system of the old deck was in good shape and could be used on another home, so it had to be carefully removed and NOT thoroughly trashed as you see on most DIY programs. While the removal was being done, others began to layout the new deck system. To ensure the new deck framing structure was square, measurements were taken and it was determined that it was out of square by $3/8"$. In order to ensure that the diagonal end didn't move when the opposite end was struck with a sledge hammer, we were all assigned the task of standing together at the end and smiling for a picture!

We left at the end of the day with the framing structure, 4x4 posts and a good portion of the deck boards installed. Another crew will take it from there and finish it the following day. The experience was very rewarding, old friends were reacquainted, new friends were made and an appreciation for the commitment these "full time" volunteers make to be part of the re-birth of Pontiac is admirable.

The next Rock the Block event will be in the South Evergreen neighborhood of Southfield on September 18th - 22nd, so put the date on your calendar and VOLUNTEER.

SMCB Member Volunteers Helping Students Learn to Read

Many of our members go to warmer climates for the winter. They do not, however, drop their commitment to community service, one of the Club's core values. John Skubik spends the winter in La Quinta, California, near Palm Springs. For the past ten years, with the exception of during the Pandemic, he has volunteered one day a week reading to individuals and small groups of third graders at Las Palmitas public school in Thermal, California. The school was adopted by his local church through a community program called Read with Me. English is not the first language in many of the children's homes. Tracking over the years has shown reading and school work improvement when bench-marked against students that don't get the extra attention from Read with Me volunteers. John says he greatly enjoys his time with the children.

MONDAY AND WEDNESDAY READING GROUPS

The readings for June should lead to two excellent discussions. The first is a book dealing with the respective roles of Franklin Roosevelt and Winston Churchill in the climactic final years of World War II. The second session will focus on two studies published by the Brookings institution on the evolving, sometimes troubling, relationship between the US and China. The China discussion might be of interest to members who do not usually participate in the reading groups.

By the time you receive this issue of The Reminder you will have received schedule for the upcoming round of books to be discussed by the first Wednesday group.

Note: Both Groups will continue to meet via Zoom using the new "activity groups" Zoom link.

Wednesday, June 7, 10:30 AM: *War and Peace: FDR's Final Odyssey D-Day to Yalta, 1943-1945* by Nigel Hamilton (New York: Houghton Mifflin, 2019)

This book is the third part of Hamilton's remarkable trilogy about FDR's role as wartime president. One historian referred to it as the memoir that Roosevelt never got to write because of his untimely death in 1945. It was published in 2019 to commemorate the 75th anniversary of D-Day.

From Peter Baker's review in the NY Times: "Roosevelt was the architect and engineer who translated Churchill's grandiloquence into a plan for victory. The Allies did fight on the beaches, as Churchill once memorably vowed, but it fell to Franklin Roosevelt to make sure they were the right beaches." Roger Timm will lead this discussion

Monday, June 19, 3 PM: *Retooling America's Alliances to Manage the China Challenge* <https://www.brookings.edu/research/retooling-americas-alliances-to-manage-the-china-challenge/> by Lindsey Ford and James Goldgeier, January, 2021 *The Future of US Policy Toward China, Recommendations for the Biden Administration* <https://www.brookings.edu/multi-chapter-report/the-future-of-us-policy-toward-china/> by Ryan Haas, Ryan McElveen and Robert Williams, November, 2020

These are two influential studies prepared by the Brookings Institution which is a nonprofit public policy organization

based in Washington, DC. It is committed to is conducting high-quality, independent research and, based on that research, to provide innovative, practical recommendations that advance three broad goals: Strengthen American democracy; Foster the economic and social welfare, security and opportunity of all Americans and Secure a more open, safe, prosperous and cooperative international system. (From the Brookings website) This discussion will be led by Roger Timm.

...LOOKING AHEAD TO JULY...

Wednesday, July 5: Schedule pending

Monday, July 17: *Meltdown in Tibet* by Michael Buckley (Nominated by George Stern; discussion led by Swarn Rajpal.)

CLASSIC MOVIE GROUP

Reminder Announcement for June 12: On Monday, June 12, at 1:00PM, the Classic Movie Group will present, via Zoom, the award-winning drama/romance "The Artist" (2011) (1 hour/40 minutes).

In the late 1920's, actor George Valentin (Jean Dujardin) is a matinee idol with many adoring fans. While working on his latest film, George meets and falls in love with a very charismatic young aspiring actress, Peppy Miller (Berenice Bejo), who also feels the same way about him. But George is reluctant to cheat on his wife (Penelope Ann Miller) and is also caught up in the industry change from silent to sound motion pictures, which he does not think highly of. He makes his own silent film, but it does poorly at the box office, while his young friend's star shines ever brighter over Hollywood with her very successful talking pictures. As in all great romantic stories, all works out well at the end and, in this case, getting there results in some outstanding film making. The main characters are supported by an outstanding cast including: James Cromwell,

John Goodman, Malcolm McDowell and Uggie (George's trusty canine companion, who steals more than one scene in the movie). The outstanding musical score and top-notch cinematography further compliment this outstanding film.

The Artist was a huge commercial and artistic success, being nominated for ten Oscars and winning five, including Best Picture and Best Actor for Dujardin. The film enjoys a Rotten Tomatoes rating of 95%. Although it is a silent film, it is acclaimed for the creative use of "old" technology to dazzling effect to illustrate the insistent conquest of a new technology against an established one.

So, mark your calendars now and plan to join us on June 12, to enjoy a modern look at classic film making at its finest at our Monday Movie.

As a reminder, you can watch the trailer of the feature film by pushing the Movie Preview Button on the SMC Homepage

Also, watch for our Zoom access information in the Scheduled Events eBlast for the week of June 11, which will be issued on Friday morning, June 9, before noon. Just mark the email for future reference and bring it up on Monday to click on the Zoom link for the movie.

Looking forward to seeing you on June 12.

– Fred Hansz / Chairman

Investment Group

The next Investment Group meeting will be held on Thursday June 8th at 2:45 PM within the lower level of the Baldwin Library and on line through Zoom. The meeting will be one of our best of the year as we will discuss amongst ourselves what Investments we have been buying, selling and holding. We will learn from each other and share our stock picking wisdom!

All SMC members will be encouraged to share their successful as well as not so successful investment strategies. The lessons learned by the group will help us to learn on which investments have better results, and more importantly which ones do not. We will review the Stock Game Rules to be updated, what is being done to have the Stock Game available on line and what speakers and topics you would like to hear later this year and next.

As this is the last formal Investment Group meeting, taking the summer months off, we will finalize the Stock Game winners and provide payouts! As of this writing Mike Clement is still in 1st place since cashing out with his "meme" stock (TOP) pick that created the highest return to date in the Stock game history! Mike's \$100,000 investment turned into \$1.9 million! John Murray is in 2nd place with an 89% return and Bill Halbert is in 3rd place with a 76% return since the Stock Game started last October. Randy Barnett, Vikas Shah and Faye Miller are close behind.

The game ends May 31, so if you have any last minute trades, please reach out to me at 248-990-0305.

Happy Investing!!

Mike Korsak

SMCB NEEDS VOLUNTEERS

This is a new section for the Reminder. SMCB thrives when volunteers step forward to make our Club a dynamic place to belong. Volunteering is easy and rewarding. Volunteers Needed:

- **Special Events Committee:** Help plan and coordinate trips and events for Club members and guests. Time commitment is minimal to moderate. Volunteer largely controls when he will assist with an activity. Contact Mike Clement.
- **Audio/Visual & Zoom Committee:** Periodically host Zoom broadcasts of meetings and oversee any slide presentations. Time commitment is moderate. Contact John Maten or Gary Melikian
- **Visitation and Health Committee:** serve as Monthly Chair (MC): The MC of the Visitation and Health Committee (VAHC) gathers information on the illnesses or deaths of members, and shares it with our membership discreetly when permitted and appropriate. The MC's make/recommend phone calls, and visits to homes, hospitals, rehabs and funeral homes. The VAHC also sends get well cards and memorial gifts to honor the deceased members. Please contact Posh (Gulati MD) or anyone of the MC's whose names are listed in the Handbook on page 36. You need not be a physician for this important role! It is very rewarding work, and fosters friendships and fellowships, which are hallmarks of SMCB. Contact John Skubik or Posh Gulati.
