## SMCB FOUNDATION AWARDS 3RD GRANT

The Senior Men's Club Foundation awarded its third grant of the year to the Alzheimer's Association - Michigan Chapter at the Friday, March 10th meeting of the Senior Men's Club of Birmingham. The \$10,000 grant will be used to support their Dementia Care Training Programs.

Accepting the grant from Foundation President Tim McGee and Foundation Director Larry Imerman was Jean Barnas, Program Director.

Mr. McGee stated: "Studies provide stark statistics about a reality that 6 million Americans with dementia and their families live every day: one where people with dementia receive hundreds of hours a month in unpaid care from spouses, adult children and other relatives, and where some rely on paid help including nursing home care.

"We have all known men who have acted as caregivers for their wives who have suffered from dementia. Many lack family in the area or others who might provide relief from their 24/7 responsibilities. Our grant is intended to help those men by allowing them to bring in a home health aide or bring their loved one to a licensed day care program."

The Senior Men's Club Foundation is a recognized 501c3 Non-Profit Organization dedicated to the support of initiatives enhancing the well-being of senior men within the Greater Detroit Metropolitan area of the State of Michigan. The Foundation is organized and operated exclusively for charitable and educational purposes serving senior men and their spouses.

Donations can be sent to SMC Foundation, PO Box 1149, Birmingham, MI 48012

## FRIDAY LUNCHEES

The good news is that the in person attendance at our Friday meetings is up significantly this year compared to the same period last year. The lunch reservation system is working pretty well overall. Every member should be getting an email on Friday and another one each Sunday asking for anyone that would like to attend the following week to respond to the email and make a lunch reservation.

We ask for the replies to be done by the end of the day on Monday for the upcoming Friday meeting. On Wednesday morning, we give the final count to the Iroquois Club. It is important that this count is as accurate as possible so that there is enough food and so that we are not paying for extra meals. We have had a disturbing trend with an increasing number of no shows each week.

We want to remind that the reservation is a commitment. There are acceptable reasons such as illness, medical emergencies, safety, or inclement weather. Accepting a tee time, taking a quick trip, or making another commitment are not acceptable reasons. Please help us keep things running efficiently by showing up for lunch when you make a reservation.

-John Maten

## SMCB MONTHLY CALENDAR – FAQ

Have you ever woken up late at night wondering about the SMCB monthly calendar? Probably not, but in case you have, here are a few frequently asked questions that have been received regarding the calendar and how it works.

***Q. What is the monthly SMCB calendar? And where can I find a copy of it?***

A. The calendar is an at-a-glance tool published at the end of the current month, showing Club activities scheduled for the next month. The calendar is published in The Reminder newsletter each month, and can also be found on our website by navigating to the main web page - <https://www.seniormensclubbirmingham.com/> and moving the cursor to just below the speaker bio portion of the main web-page. The calendar is easily viewed using either a computer or mobile browser.

***Q. What does the calendar coordinator do?***

A. The coordinator publishes a calendar of committee meetings, activity group events, and special club events for the upcoming month. They also reserve and coordinate meeting rooms for your group at Baldwin Library if needed; the coordinator also helps determine which room would work best, and if any audio visual or network access or camera support is needed.

***Q. When is the calendar assembled for the next month?***

A. The calendar is created about three weeks prior to the first day of the next month. Most items in the calendar re-occur each month on a regular basis. Changes may occur after publication, so always check the website or the committee chair for details on changes.

***Q. My group only meets once or twice a year, should I publish the meeting in the calendar and when should I contact you for publishing?***

A. Please contact the calendar coordinator early in the month before your meeting to arrange for publication and room reservation (if needed) at the library. Many groups maintain an active distribution list to alert committee/group members of the meeting on their own, however, publication

in the calendar may encourage participation by members not on the distribution list.

***Q. How do I reach the calendar coordinator to publish an item or ask a question?***

A. The calendar coordinator contact information is: Bo Tamarelli – (248) 388-2443, email is [rtamarelli@gmail.com](mailto:rtamarelli@gmail.com)

Rob Tamarelli

## STREAMLINING VISITATION AND HEALTH COMMITTEE

Thank you for your continued support of our members and their family during their times of need.

Currently the monthly Chairs (MC) and the committee are performing exceptionally well in their roles. We would like to standardize the process for notifying the Visitation and Health Committee to streamline operations. To improve efficiency, we ask that news of illnesses or deaths come directly to the chair or MC.

The Committee asks that as Paul Koveses, our president has suggested,

"If you hear of a member who is infirmed, or has passed away, please directly notify Dr. Subhash (Posh) Gulati Visitation & Health Chairman ([posh.smcb@gmail.com](mailto:posh.smcb@gmail.com)) or one of the monthly chairs (MC) listed in the 2023 Handbook on page 36 . Kindly include pertinent info including such as full name of the ill/deceased along with his contact information."

In general, the Visitation and Health Committee requires careful planning, delegation, communication, and staying informed. By taking these steps, we can ensure that the committee is able to meet the needs of the organization and the individuals they serve, and make a positive impact.

In the meanwhile, we had a generous response from our members (surprisingly one guest who was observed putting a 50 dollar bill in the Blue Box). We have received over 700 dollars in the first 3 months for the Deceased Member Fund

after initial expenses. Thanks a bunch. Please do not stop.

I say, "May we be worthy of the legacy of those who have come before us and may we honor them in all that we do."

- Posh Subhash C Gulati, MD  
 VAHC Chair

## MONDAY AND WEDNESDAY READING GROUPS

In April we will be discussing two very different books. The first is a true account of submarine warfare in the Pacific during World War II, and the second is comedian Albert Brooks' first novel which raises important questions about the kind of future we want.

Thanks to those of you who have nominated books for the next round of first Wednesday discussions. Be on the lookout for the ballot which will be sent by Roger Timm. Also let Roger or Bob Maxfield know if you would like to be included in our distribution list.

Both Groups will continue to meet via Zoom using the new "activity groups" Zoom link.

**Wednesday, April 5:** *Thunder Below: The US "Barb" Revolutionizes Submarine Warfare in World War II* by Eugene Fluckey, Jr. (Champaign: University of Illinois Press, 1997)

From the publisher: "Among the scores of US submarine skippers in WW II's Pacific theater, Fluckey, captain of

the Barb on five war patrols, was credited with sinking the greatest tonnage of enemy shipping. All told, he and his well-trained crew sent over 85 Japanese vessels (including a carrier, a cruiser, and a frigate) to the bottom. They also laid waste to a host of coastal installations, destroying Japan's largest paper mill as well as a sizable shipyard and, on one occasion, slipping ashore to blow up a 16-car military train (thereby becoming the only Americans to land on Japanese soil before the guns fell silent). A 1935 graduate of Annapolis, Fluckey offers a grippingly detailed account of his command's hell-and-high-water feats, which won him the Congressional Medal of Honor, as well as four Navy Crosses. While willing, even eager, to go in harm's way—e.g., by searching for prey on the surface rather than submerged—Fluckey was not reckless. On his watch, no man aboard the Barb earned a Purple Heart (awarded for having been wounded)—a stunning accomplishment at a time when half of the silent service's craft failed to make round trips."

This discussion will be led by Roger Timm

**Monday, April 17:** 2030: *The Real Story of What Happens to America* by Albert Brooks (New York, St Martins Publishing Group, 2011).

This is a remarkable novel set in the not too distant future when cancer has been cured, the population has grown much older, generational strife has escalated, a half-Jewish President has been elected and Los Angeles has been destroyed by an earthquake. While it is humorous, it raises important questions

From the NY Times review: "As a comedian and filmmaker, the very gifted Albert Brooks has specialized for more than 30 years in cooking up quandaries with no ready solution except humiliation. His often ingenious first novel is no exception to that rule."

Fred Freeman will lead this discussion.

## ...LOOKING AHEAD TO MAY...

**May 3:** *The Women of Copper Country* by Mary Doria Russell (Paul Lieberman)

**May 15:** *West with the Night* by Beryl Markham (John Skubik)

## CLASSIC MOVIE GROUP

Classic Movie Group Reminder Announcement for April 10.

On Monday, April 10, at 1:00PM, the Classic Movie Group will travel back in time to present a traditional mid-1930's Monday Matinee, via Zoom, featuring one of the all-time best movie comedy teams: Stan Laurel and Oliver Hardy.

The main feature will be "Way Out West" (1937) (1 hour/6 minutes). In this comedy/western, an old prospector friend of Stan & Ollie asks them to deliver the deed to his gold mine to his daughter, Mary (Rosina Lawrence), who lives in Brushwood Gulch. After arriving in town, Mary's ruthless guardians (James Finlayson and Sharon Lynne) fool the boys into handling over the deed to them, by pretending that Sharon is Mary. Upon meeting the real Mary, the pair realize their mistake and set out to make things right.

This film is regarded as one of the best of the Laurel & Hardy features (scoring 100% approval on the Rotten Tomatoes Tomatometer) and was the second picture for which Stan Laurel was the Producer. Among the excellent musical moments in the movie are two songs, "The Trail of the Lonesome Pine" and "At the Ball, That's All". All in all, the film is a great mix of Laurel & Hardy comedy with 1930's B-Western action. A fun show in all respects.

As an added attraction we will screen the famous Laurel & Hardy two reel comedy "Hog Wild" (1930) (20 minutes). In this iconic film, Stan offers to help Ollie install a radio antenna on the roof of his home, so that Mrs. Hardy can listen to short wave broadcasts from overseas. Needless to say, things don't go well for the boys, but we get to enjoy some of the best classic comedy and special effects of the day.

Finally, in addition to the main feature and two reel comedy, we will show an outstanding period correct cartoon and an excellent musical short subject.

So, mark your calendars now and plan to join us on April 10, to enjoy a step back in time at our Monday Movie Matinee.

As a reminder, you can watch the trailer of the feature film by pushing the Movie Preview Button on the SMC Homepage

Also, watch for our Zoom access information in the Scheduled Events eBlast for the week of April 9.

Looking forward to seeing you on April 10.

– Fred Hansz / Chairman

## Investment Group

Please join us at our next Investment Group meeting being held on Thursday April 13, 2023 at 2:45PM. The in-person and Zoom meeting will be held in the basement level of the Baldwin Public Library. Our popular SMC speaker will be Michael Dzialo, President & Chief Investment Officer, Managed Asset Portfolios (MAP).

MAP manages over \$1 Billion in assets. The organization has won several industry awards, among them the award of being recognized as a Top Gun Manager of the Decade distinction for its U.S. Multi-Cap Value Strategy. Continuing inflation, rising interest rates and the latest reports of potential Bank failures continues within the financial headlines. Michael and his team will provide their wisdom to these and many other issues, MAP's topic to the group will be Crisis or Opportunity? Adapting to uncertainty in today's financial landscape.

As of the Reminder writing deadline the stock game, has 80 positive out of 126 total stocks. There remains buying opportunities out there! John Murray is in first place with a 67% return, followed by Faye Miller and Bill Halbert both tied at a 51% return since the start of the Stock Game in mid-October. Randy Barnett, GerdKeuffel and Richard McGee are close behind. At the moment, the top stock continues to be Madrigal Pharmaceuticals (MDGL) at \$231.96, which is down from its 52 week high of \$315.45 a few months ago.

If you are having any questions reading or printing the stock game on your PC, please do not hesitate to email or call me at 248-990-0305. We can set-up a Zoom meeting and help you read and print the report. Also, we are looking for a few volunteers who want to test the stock game on a website that has been created. This website is safe and secure, and will allow players to further understand stocks and make changes to their stock game choices when they want.

Happy Investing! Mike Korsak
